

Zowe Terminal Explorer

Make job management easy.

1

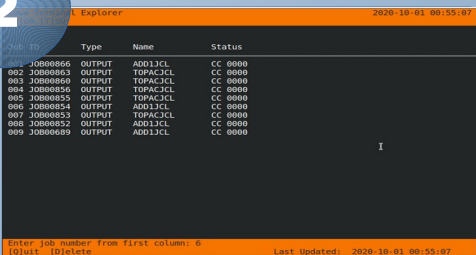

The screenshot shows the Zowe Terminal Explorer interface with a table of job progress. The table has four columns: Job ID, Type, Name, and Status. The data is as follows:

Job ID	Type	Name	Status
J0808866	OUTPUT	ADD1JCL	CC 0000
J0808863	OUTPUT	TOPACJCL	CC 0000
J0808860	OUTPUT	TOPACJCL	CC 0000
J0808856	OUTPUT	TOPACJCL	CC 0000
J0808855	OUTPUT	TOPACJCL	CC 0000
J0808854	OUTPUT	ADD1JCL	CC 0000
J0808853	OUTPUT	TOPACJCL	CC 0000
J0808852	OUTPUT	ADD1JCL	CC 0000
J0808849	OUTPUT	ADD1JCL	CC 0000

At the bottom, there is a status bar with the text: [Q]uit [D]elete Last Updated: 2020-10-01 00:33:48

See your IBM Z job progress in real time on one easy to read view.

2

The screenshot shows the same Zowe Terminal Explorer interface as in step 1, but with a delete prompt at the bottom. The table data is identical. The status bar now includes the prompt: Enter job number from first column: 6 [Q]uit [D]elete Last Updated: 2020-10-01 00:33:07

Easily delete submissions without needing to type long job ids.
